

Radio/TV/Film BPhilCom

Overview

A degree in Radio/TV/Film exposes students to the various media communication systems, and the ability to write and speak persuasively are important skills that can be used in media positions as well as many other fields and industries.

Job Outlook

See <http://www.bls.gov/oco/home.htm> for more information.

Compensation

See <http://www.bls.gov/oco/home.htm> for more information.

Career Options/Tracks

Potential career options include: announcers; broadcast and sound engineering technicians and radio operators; news analysts, reporters, and correspondents; public television, video, and motion picture camera operators and editors; media analysts; and writers and editors.

Advanced Education Options

In general many entry-level options are open to those with only a bachelor's degree and/or related work experience. However, graduate degrees in Journalism, Broadcasting, or Film can be helpful for future advancement as well as help with networking to make contacts to get your foot in the door.
